WHAT IS THE SOCIAL BRAIN?

The Social Brain is a New York State non-profit organization that provides individuals with brain injuries an opportunity to build friendships through socialization and reduce isolation, We have also developed a medical needs closet to help collect and redistribute medical needs such as diapers, chucks, pullups and small items. We can not take wheelchairs at this time. If you have items to donate please contact us. If you need items as well please reach out to us and we will look to help. We will keep an eye out or share a “wanted” post on our social media for you.

Please find our wish list on Amazon for all medical supplies.

We appreciate the community support for contributing to the mission to help others.

WHAT IS CONNORCAN/CONNOR’S KLOSET?

Connor was a beautiful young man that learned how to ride at the age of 2 and had everything going for him. When he was 19 years old he would take a machine out to run everyday after work. In July 2019 he took his quad out without putting on his helmet, he did a wheelie and something went terrible wrong as he landed straight back only injuring his head. Connor suffered a severe brain injury and battled and won many things from the injury for about 13 months. During that time his friends and family had nothing but hope and used ConnorCan as his word of encouragement. November 29, 2020 he could no longer fight the fight and passed away. During this time his mom Christine sought out help and found The Social Brain which is located in Suffolk County and has become the Nassau County branch to the medical needs closet. Her dream is to open Connor’s Kloset and do more for the medical closet needs.
